

St Joseph's Catholic School
2020 STUDENT INFORMATION FORM

This form is for parents and caregivers to supply teachers with information to assist them in selecting an appropriate class for their child in 2020. Please include information around their strengths and weaknesses so that we can match them with suitable staff and student support for the year.

Information can be supplied on this form via the school office. This allows for complete transparency and fairness to all parents who may wish to provide information. This should be submitted on the attached form and returned to the school office on the Intermediate Open Day.

Please note that while the school will try to accommodate all reasonable requests, no guarantee can be made, as the placement of over approximately 110 children within each syndicate is a complex process.

Details of child

Name:

Type of information (circle or highlight)

Learning Needs

Social/Emotional Needs

Physical/Cultural Needs
