

## Homework Challenge – Year One/Two

You must complete a minimum of six challenges.

You may do more than six challenges if you wish.

You must complete one challenge from each section.

At least one challenge must be signed off in each of Terms 1, 2 & 3 with your final challenge being completed by Friday 6<sup>th</sup> November.

With the help of your parents and teachers you may write your own challenges. Your teacher must approve them.

It is up to you to meet with your teacher and show that you have completed each challenge (self check, parent check and some evidence).

It is quality not quantity that counts so take your time to do each challenge with excellence! You should be able to talk about what you learnt by completing each task.

If you complete the eight challenges you will be presented with a badge at a special assembly at the end of the year.
